Friday 16th May

9:00 — 12:00 **Excursion Lednicko – Valtický areál**

13:00 — 15:00 **ELSA members meeting**

The aim of SONDAR project is to build a structural network, leading to growing responsibility for our soil. Connections in the network should be between science and experience, administration and using of soil, education and art. In traditional co-operation with European Soil & Land Alliance ELSA we offer results and experience of the SONDAR CZ-AT project in the fields of soil awareness and soil protection, with special focus on soil erosion.

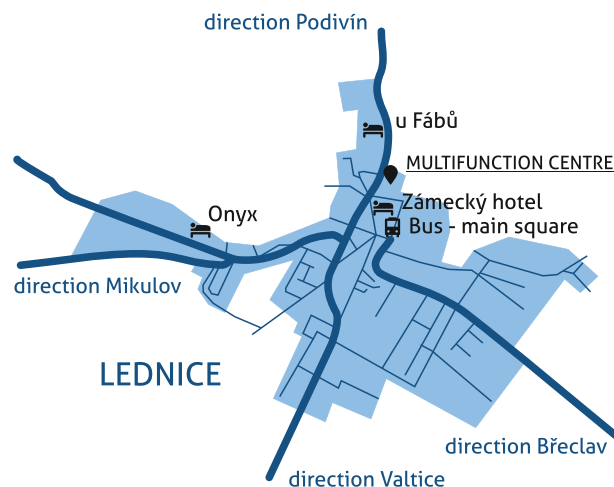

Location

Multifunction centre Lednice Château

Zámecké náměstí 67
Lednice

SONDAR CZ-AT & ELSA *international conference*

14th — 16th May 2014

LEDNICE
Czech republic

www.sondar.eu/cz

Lednice Castle's multi-purpose centre is located in the Baroque riding hall and stables, part of Lednice's castle building complex. The model restoration of the monument means this 'palace for steeds' has been brought back to life. Today, through its exhibitions and rooms with modern soundsystems, it offers space for learning, focusing on designed landscape, landscape management, the history of riding schools and the Lower Moravia Biosphere Reserve.
